

Optimizing Steam System Performance

... an Introduction to the U.S. Department of Energy's BestPractices Program
San Diego, California: November 30, 2004

	<p>Steam plants can typically improve steam-system efficiency by 15 to 20 percent. If you are responsible for maintaining reliable, safe, and cost-effective steam operations, this event is for you! This workshop provides access to industry experts, money-saving software tools, and reference material for optimizing steam systems. This workshop will help you, identify major and minor improvement opportunities; measure and prioritize improvement projects; access technical and financial resources; and use energy efficiency to achieve your goals for reliability, productivity, safety, codes compliance, and profitability.</p> <p>A recent follow-up survey found that 94% of respondents said that the workshop was moderately or very helpful, even after time had passed. 79% of respondents made improvements since the workshop, including those respondents who attended a workshop only six months prior to the survey.</p>	
<p>Program Description</p>		
<p>Who Should Attend?</p>	<p>Maintenance and energy managers ; engineers ; key steam system personnel; environmental and facility managers ; and steam system contractors and consultants may all benefit from attending the event.</p>	
<p>Agenda</p>	<p>Welcome and Introduction to the San Diego Regional Energy Office: San Diego Regional Energy Office Overview of California State Energy Programs: California Energy Commission Introduction to U.S. Department of Energy Tools and Resources: U.S. Department of Energy (DOE) U.S. Department of Energy BestPractices Steam Software Tools: U.S. Department of Energy Steam System Optimization: Spirax Sarco Boiler and Condensate System Best Practices: Nalco Company Impacts of Insulation: National Insulations Association Steam System Optimization Topic: TBD Business Impacts of Energy Efficiency: Alliance to Save Energy</p>	
<p>Location and Time</p>	<p>San Diego Regional Energy Office 8520 Tech Way, Suite 110 San Diego, CA 92123</p>	<p>November 30, 2004 8:00 am – 3:30 pm Registration and continental breakfast begin at 7:30 am</p>
<p>Tools & Reference Materials</p>	<p>Workshop Participants will receive U.S. Department of Energy Steam software tools including the Steam System Scoping Tool and the Steam System Assessment Tool; copies of presentations; and contact information for people and programs assisting in steam system optimization.</p>	
<p>Sponsors</p>	<p>San Diego Regional Energy Office U.S. Department of Energy California Energy Commission National Insulation Association</p>	<p>Alliance to Save Energy Spirax Sarco Nalco Company</p>
<p>Cost</p>	<ul style="list-style-type: none"> • \$40.00 registration before November 23, 2004 • \$60.00 registration after November 23, 2004 	<p>Registration price includes breakfast, lunch, coffee breaks, and reference materials</p>
<p>Registration Information</p> <p>Register by November 23 to Save \$20</p>	<p>To register, please contact: Ashorkor Tetteh, Alliance to Save Energy 1200 18th Street, NW, Suite 900 Washington, DC 20036 Phone: 202-857-0666; Fax: 202-331-9588; Email: atetteh@ase.org</p> <p>Advanced registration is required. Prepayment is preferred. Payments will be accepted at the door. Cancellations after November 23 are non-refundable.</p>	

<p>Registration Information:</p> <p>Name: _____</p> <p>Job Title: _____</p> <p>Company: _____</p> <p>Address: _____</p> <p>_____</p> <p>City: _____</p> <p>State: _____ Zip: _____</p> <p>Phone: _____</p> <p>Fax: _____</p> <p>Email: _____</p>	<p>Payment Type (check one):</p> <p>? Check ? Credit Card ? Cash (at door only)</p> <p>Please make checks payable to the <i>Alliance to Save Energy</i></p> <p>Credit Card Information:</p> <p>? Visa ? MasterCard ? American Express</p> <p>Credit Card #: _____</p> <p>Exp Date: _____</p> <p>Name on Card: _____</p> <p>Billing Address for Card (Required): _____</p> <p>_____</p> <p>_____</p>
